

The Art of Presence in Group

Presence and Here-And-Now

LO #1: Understand the importance of presence and the use of here-and-now in group counseling related to the theory of change through interpersonal relationships.

LO #2: Explain the term process and make the connection to the interpersonal process of group counseling.

LO #3: Identify techniques of here-and-now activation in group counseling.

Corey, et al., 2017; Yalom & Leszcz, 2020

Identify Here-And-Now

Where do you see Here-And-Now in action?

Process

- “Why is this *unfolding* in this group in this particular way at this particular time? - Yalom

Prompt for dyadic discussion: Where is presence difficult for you? What part of your story keeps you from asking deepening questions?

Also, what questions do you have that are unanswered about this theory?
